

How Brand USA Promotes Missouri

Brand USA drives the growth of legitimate inbound travel to strengthen the U.S. economy, bolster exports, and create quality jobs.

DRIVING U.S. LEADERSHIP IN THE COMPETITIVE GLOBAL MARKETPLACE

Brand USA runs data-driven campaigns that measurably grow international arrivals and spending. These efforts stimulate demand for U.S. destinations, create new travel product for international markets, and ensure economic benefits are dispersed throughout the country. Brand USA makes its biggest impact beyond the gateways, including communities and businesses throughout Missouri.

Social Media

Social media is the primary way people around the world engage, share, and make travel decisions today. In FY23 and FY24, Brand USA featured destinations in Missouri, including St. Louis and Kansas City in more than 20 social media marketing campaigns across multiple platforms.

Product Development and B2B Marketing

Travel agencies and tour operators are crucial intermediaries with international visitors. Brand USA works with these channels to expand the USA travel product in market, jointly promote new travel experiences, and educate salesforces to increase their ability to convert client interest into bookings. Working with the travel trade to develop and promote product is one of the most direct ways to disperse travelers to new communities throughout the country.

In FY23 and FY24, Missouri destinations participated in several Brand USA *sales missions and trade shows* to connect with the travel trade in key markets and grow visitation and spending in the state, including:

- 2023 & 2024 Brand USA Travel Week UK & Europe
- 2023 New Zealand Expo
- 2023 South Korea SAles Mission

Familiarization tours bring key tour operators and travel agents to the United States to experience destinations and develop new itineraries to sell to clients in their home market. These take the form of either small groups of the decision makers from major tour companies (product fams) or large, multi-itinerary groups of dozens of qualified travel agents (MegaFams). In FY23 and FY24, Missouri was featured in:

- UK & Europe MegaFam: St. Louis
- Canada MegaFam: St. Louis
- Mexico Product FAM: St. Louis
